— ABOUT US

Your **Aggregator Buddy** in India, Cost Solvers, Not Just Suppliers.

CoreXport is an India based export and sourcing company specialising in industrial products, safety equipment, engineering consumables, MRO supplies, and procurement solutions for global buyers. We bridge the gap between international businesses and India's vast manufacturing ecosystem by delivering reliable, cost effective, and quality assured products through an efficient supply and export network.

Unlike traditional trading companies that focus on spot transactions, CoreXport believes in long term partnerships. We combine deep technical product knowledge, procurement intelligence, and export capability to become a strategic extension of your sourcing team, helping you reduce total procurement cost while maintaining global quality standards.

"CoreXport is your Aggregator Buddy in India, helping reduce your procurement costs for industrial supplies through export, import, and sourcing advisory solutions. We solve procurement challenges, not just supply products."

— WHAT WE DO

End-to-End Industrial Sourcing From India to the World

Strategic Order Aggregation

Consolidate small to large industrial orders with built in MOQ flexibility.

Quality Assurance & Compliance

Pre shipment inspections, quality checks, factory audits, and export compliance under one platform.

Supplier Development & Vendor Management

We build and manage trusted supplier networks across India's leading industrial manufacturing clusters.

Export Coordination & Logistics

CoreXport manages freight and customs for seamless global delivery.

OEM & Private Labelling Solutions

Flexible OEM sourcing and private label manufacturing tailored to your brand and specifications.

Strategically sourcing from India's leading manufacturing clusters - Serving global buyers and distributors with a strong focus on export compliance.

— HOW WE HELP YOU —

We Deliver **Smarter Procurement** Through **Cost, Quality, Expertise, and Partnership.**

Reduce Total Procurement Cost

Through smart sourcing, product substitution, and order consolidation, we've delivered procurement savings of up to 40%.

Consistent Quality, Every Batch

Our pre shipment QA, factory monitoring, and supplier accountability ensure consistent quality in every order.

Eliminate Fragmented Ordering

One sourcing partner for your entire industrial catalogue, with one contact, one invoice, and one shipment.

Long-Term Partnership, Not Spot Supply

We build long term partnerships that deliver lasting value for your business.

Technical Product Advisory

We understand products technically, recommend the right solution, and ensure they perform as expected.
